

Youth & Government programming is supported by fees at District and State events. These fees, along with your program's travel expenses, student meals, and local meeting and district costs will largely form the annual budget for your group. This budget, after fundraising and outside support is factored in, is the amount that each student will be responsible for.

The breakdown of fees for students and advisors is as follows:

District Fees*

Fees typically range from \$100-\$300.

Youth Legislature State Fees

Program Deposit

\$50/student and advisor due in December

Registration Fee

\$150/student and advisor due in March

BOTTOM LINE - AVERAGE COST PER STUDENT

Full Year: \$500

*District fees vary around the state and for the most accurate information you should contact your District Coordinator. A full list of coordinators can be found on the last page of this packet.

** ALL fees reflected are before any financial aid or assistance has been taken into account
