Auburn Valley YMCA

The YMCA of Greater Seattle has a vision that one day, all kids, families, adults and seniors in the Greater Seattle Area will have equitable opportunities to improve their health and well-being and reach their full potential. Together, alongside our neighbors at 13 branches, two overnight camps and hundreds of program sites across King and South Snohomish County, we're tackling our community's most urgent needs – giving people hope for a better future and the means to achieve it.

OUR FOCUS

Developing Confident, Resilient Youth

All kids deserve the opportunity to discover who they are and what they can achieve, under the guidance of caring adults who believe in their potential. Your support gives 29,000 kids of all ages the opportunity to learn about teamwork, diversity, and build character in the great outdoors through our overnight and day camps, outdoor education programs and leadership development programs.

Enhancing Health and Building Community

The Y is where community happens. People of all stages of life come together to laugh, learn, exercise, and collectively strengthen their community. Your support provides financial assistance to those who need it most, helping them find a place to belong regardless of their financial situation. Additionally, we continue to build relationships and strengthen community bonds with 1,000 newcomer immigrants through cultural celebrations, English language learner programs and more.

Caring for Those Who Need Us Most

We take on the most urgent needs in our community and keep our doors open to all. Your support provides housing for 280 homeless young adults, mental health counseling to more than 3,700 youth, young adults and their families, and a drop-in resource center open four days a week to connect more than 1,700 young people with the education, employment, and other resources they need to get back on their feet. Because when basic needs are met, everyone has a better chance to reach their full potential and our community grows stronger.

TRANSFORMING LIVES

Before John McCormack began coming to the Y, he was wheelchair bound by multiple sclerosis. John was told by doctor's that exercise would be good for him, though he'd never walk or swim again. He came to the YMCA to see if there was some form of exercise he could do, and was drawn to the pool. Four years later John is not only walking in the water, he now swims 350-500 yards independently at least twice per week.

“The Y is my second family - this is my Y.”

WE CAN'T DO IT ALONE.

Donating to the Auburn Valley YMCA has a lasting impact on the people of Auburn. Donate today for a better us.
