# Strengthening Communities

THE WASHINGTON STATE ALLIANCE OF YMCAs

## WHO WE ARE

We are the Washington State Alliance of YMCAs! As public charities, we exist to strengthen communities through our commitment to youth development, healthy living and social responsibility. Every day we work with children, adults and families to ensure that everyone, regardless of age, income or background, has the opportunity to learn, grow and thrive.

## YMCA FOCUS AREAS

### YOUTH DEVELOPMENT

**Nurturing the Potential of Every Child and Teen**

**319,000** youth are served in Y membership and programs, **188,000** youth are Washington Y members, **37,000** youth participate in Y summer camp and **85,000** in day camp programs, and **130,000** Y swim lessons are taught. Ys partner with schools and families to serve **17,000** youth in Y-licensed care (via **259** child care and before/after school enrichment sites), **14,000** youth are engaged in STEM (science, technology, engineering and math) programs. These youth are cultivating the values, knowledge, skills and relationships that lead to positive behaviors, better health outcomes and educational achievement.

### SOCIAL RESPONSIBILITY

**Giving Back And Providing Support to Our Neighbors**

Washington Ys, with our **587,000** members, **34,000** volunteers, donors, leaders and partners across the state

and **\$27 million** in annual charitable support, empower thousands of Washingtonians. Ys also give back through food programs (**248,000** annual meals served), social services, global services, volunteerism and advocacy.

### HEALTHY LIVING

**Improving the Nation's Health and Well-Being**

Over half a million youth, adults and families are Y members engaging in Y programs and activities that promote wellness, reduce risk for disease and help others reclaim their health. Annually, our Ys serve more than **6,000** adults in Y chronic disease prevention and management programs and more than **600** families in the Ys' childhood obesity prevention program.

YMCA full-facility members utilize their membership benefits at Y facilities throughout Washington State, at no extra charge.

We also collaborate with healthcare systems to increase access to health resources in the community and contribute to Washington's efforts to transform population health.

## YMCA IMPACT

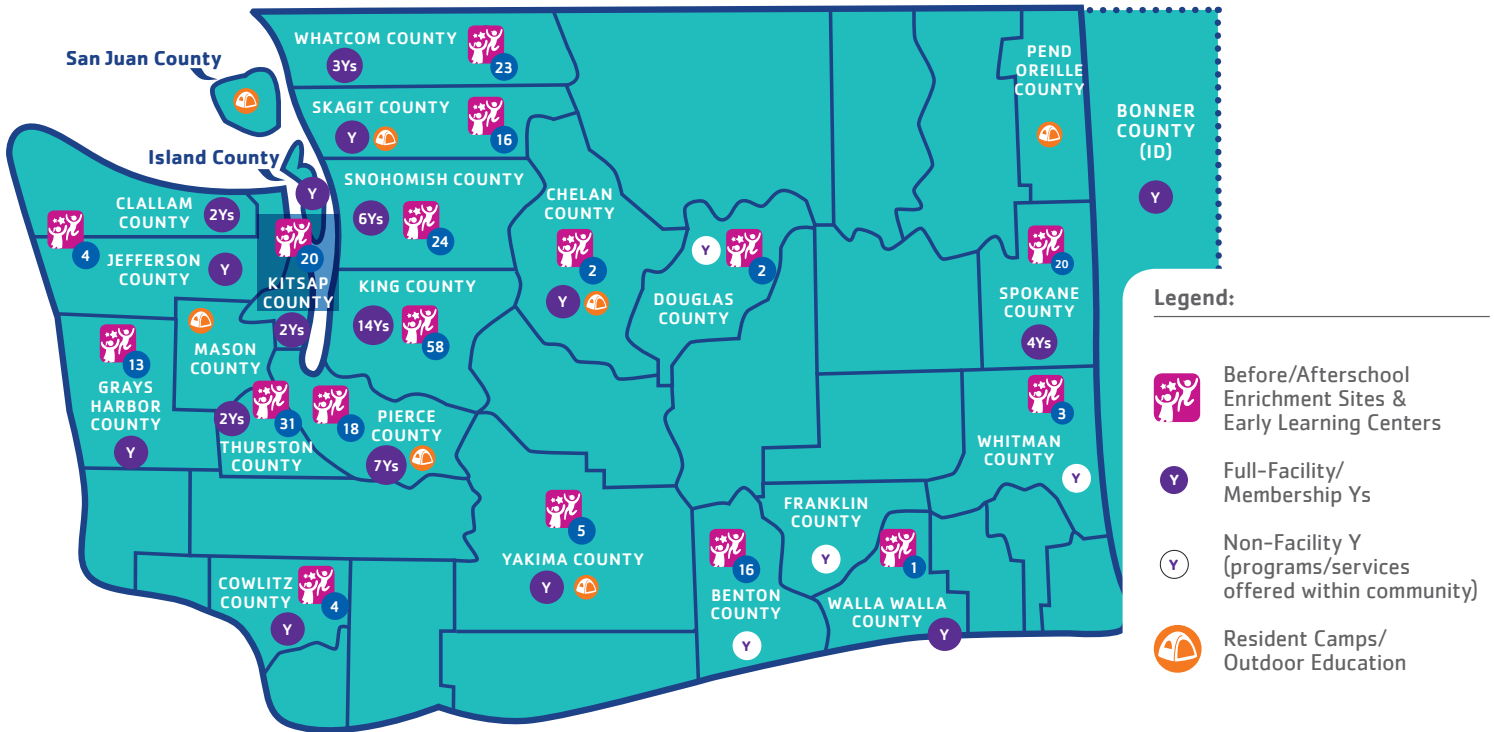

The Y is, and always will be, dedicated to building healthy, confident, connected and secure children, adults and families. Washington Ys serve over **788,000** men, women and children in **23** of **39** Washington counties and **1** Idaho county (see map on reverse side). We also create jobs and provide employment opportunities. The Y is often the first employer for young people entering the labor pool. Our principles of Honesty, Caring, Respect and Responsibility are paramount for our **11,250** employees. Collectively, we pay **\$105 million** in annual wages, along with **\$24 million** in employee benefits and payroll taxes.
