2nd day

Today our drive was a bit bumpy. Instead of doing the normal path we went on a dirt one that passed as an Indiana Jones roller coaster. Everybody got to climb today and some even made it to the top. Half of our group also saw a lizard while the other half saw a gopher snake and an osprey with a fish in its mouth. Overall it was a fun day despite the heat however we are all tired and worn out now so

Goodnight

Today we went river rafting! The first thing we did was moved camp sites. Then once we arrived

we met up with our river rafting guides. In the first raft there was Brec, Mai, Sarah, and Lucy. Then in Raft 2 there was me, Catherine, Katelyn, and Vanessa. It was a blast. Filled with bumps and twists. We have never

been more excited to wake up early!
So goodnight girls get some sleep!

8th Day!

Today was our last day of rafting. Its bitter sweet. We all have had an awesome time here but we are also very excited to see our families. Times flew by and I can not wait to see what these amazing girls will become. So many picture perfect moments we have shared together it will be sad to see them as just memories. It has been such a blessing to be here. And for the last time goodnight ladies lets get some sleep.
