YMCA Early Learning

We know that when it comes to child care, there are a lot of choices. But with the Y, it's an easy decision. Here's what makes us great:

- » Through both formal education centers and community-based kindergarten readiness programs, we commit to removing barriers to the skills and supports needed for kids to thrive
- » Highly trained, passionate staff that love working with kids and partnering with families to nurture children into confident learners
- » Nationally recognized curriculum and program framework that individualizes learning and prepares every children for kindergarten
- » A wide range of enrichment activities that allow children to learn through play, and develop into lifelong learners
- » Welcoming to kids of all economic backgrounds, races, ethnicities and genders making us a perfect place to develop good citizens of the world

WHAT PARENTS SAY

"The staff truly care about my daughter. She is valued, supported and has a sense of belonging to her class, teachers and friends."

"Without the Ys support, my son would not have been ready for kindergarten. Their program and caring made all the difference in his success....and mine!"

What sets us apart - a place where everyone is welcome! We are committed to access for all kids regardless of financial circumstances and stand behind that by raising funds annually to bridge the gap for families. We also accept state subsidies with no enrollment caps.
